FOR TREASURER—JOHN A. BIRCH.  
FOR AUDITOR—GEORGE W. WARD.  
FOR ATTORNEY GENERAL—W. M. BECKHAM.  
FOR SECRETARY OF STATE—J. C. SPOFFORD.  
FOR COMMISSIONER OF LANDS—J. C. SPOFFORD.  
FOR COMMISSIONER OF AGRICULTURE—GEORGE HART.

FOR REPRESENTATIVE—DR. A. D. PARK.  
FOR CIRCUIT COURT CLERK—E. G. HARRIS.

Most of the latter-day Democratic issues are suffering from a chronic attack of death.

If the Democrat party in Kentucky can't afford a platform, why not use a spring-board.

The Democrats, if they would put their heads together and try, might agree on a platform consisting of one word, and that word be "Object."

When a man gets his mental faculties to working off just right, it is just as natural for him to be a Republican as it is for the dewdrops to infuse new life into a parched plant.

A prominent Democrat recently remarked that a financial panic would insure Democratic success. Yes, and Democratic success would insure a financial panic. The rule will work both ways, you see.

Your Uncle Grover Cleveland has a new baby boy at his home. A delightful task has the ex-President of naming the boy. Wonder if he won't be named William Jennings Bryan Cleveland?

It is not well to look with favor upon Democracy when she wants office. She is sugar and spice and everything nice during the campaign, but afterwards she bites like a serpent and stings like sitting down on knitting work.

If you are interested in selecting a competent man to fill the office of Circuit Judge and another to fill the vacancy which has long existed in the office of Commonwealth's Attorney, you should attend the Republican convention, which will be held here August 29th.

He (Beckham) has brought law and order out of a condition of anarchy, and has dedicated every power of his high office to the enforcement of the laws and the protection of life and property in every portion of the State.—Ohio county Democratic platform. The writer of the above is a distinctively new species of the genus homo. A chemical analysis of his system would show a tough substance resembling steel's hide for an outside covering while in the interior would be found only gall.

It will not be forgotten that Capt. M. J. Ewen, the principal witness against Jett and White, and who is being vilified by Judge Hargis, Sheriff Callahan and their hired attorneys, in an attempt to discredit his testimony, was, at the time Marcus was killed, a deputy sheriff under Sheriff Callahan and his appointment to that position had been ratified by Judge Hargis. If he is of bad character, why did those self-same men choose him as a deputy sheriff? It must be that he did not have that bad character or he was selected to do dirty and illegal work, and if the latter be the accepted opinion, the logical and easy conclusion is that Judge Hargis and Sheriff Callahan are just such officers as may be guilty of schemes to secure murder, arson and perjury. He was their chosen deputy, and in addition was selected by Judge Hargis to make a pretended search for the assassin.

### BECKHAM'S PARADISE.

The Democratic papers of the State are making a desperate effort to convince the public that Governor Beckham's action in pardoning Joe Raleigh, the would-be rapist and murderer of an innocent little girl, should be condoned and excused. Their greatest plea for condonation is that the father of the murdered girl consented that Raleigh might be pardoned.

From the following letter written by Daniel Aikman, whom you will observe is the father of the murdered girl; see if you can infer any consent to the pardon of Raleigh:

Brother, I have been thinking of you for some time. You are now the Governor of this great old Commonwealth, and I feel you mean to act fair and honestly with each and every citizen. I am proud of you. I wish you would show to the people that you would entertain the idea of pardoning Raleigh that it would not be approved by all.

"Now if there is a petition presented to you signed by one of the Altimas, you may know that their names have been forged. I repeat most respectfully, Daniel Aikman."

It is not, and cannot, be successful.

ly or truthfully denied that this pardoned criminal attempted a criminal assault on this innocent girl and when she resisted, was shot down in cold blood; yet Governor Beckham on the recommendation of Judges Hargis and Redwine, turned this wretch from out the penitentiary to pry again upon pure innocent womanhood. The records are against you, Mr. Beckham, and Mr. Leigh, your Private Secretary, who comes out in a personal statement trying to defend your action.

The following letter from Jas. G. Stillman is self-explanatory and gives the real reason why Beckham pardoned Raleigh, "a good Democrat."

"Breathitt Co. Ky., Mr. Gov. of Ky.—I take time to drop you a few lines to let you know that I am one of the Beckham men, and a good Democrat and staunch to the party. There are eight of us all brothers and all Democrats. All are your friends, and their names are Bill, Sam, Ed, Jim and Jerry, which is writing you word, and if there is any hope for you to pardon Joseph Raleigh we would like to see you do the same, that is, if you can. They have sent you a remittance against us by their main leading illegals here in our district. Don't you pay nor spend a dime with such. Help us if you can in this case, we are all your friends, and Raleigh is the same, and all are good Democrats. If you can help us, now is your time. And Governor, if you can't help us now, don't think hard of such letters, and if you don't pardon Raleigh we are your friends and will write you anyhow."

"I will close by saying Joe G. Stillman to J. C. W. Beckham, Gov. This 20th day of Dec. 1906."

Eight brothers in this family, all Democrats and all pleading to a Democratic Governor to help a Democrat out of trouble.

### Byrd Condemns Pardons.

In his argument to the jury that is trying Jett and White, A. F. Byrd, a Democrat, said:

"What do such men as these care for a sentence of life imprisonment. As the laws are enforced now I had rather be sentenced to life imprisonment than sentenced to serve five years. Governors turn the convicts loose. They go back to the scene of their crimes feeling free to commit others as atrocious as those for which they have been pardoned."

"If you sentence these men to life imprisonment they will be pardoned, and they will go back to Jackson to hunt down like dogs those who have testified against them. If you are going to release to hang them you had as well turn them loose now."

"Men who have been convicted of crimes as black as the murder of James B. Marmon have been pardoned, and are being pardoned, to go back to the communities from which they were sent and to strike terror to the hearts of law-abiding citizens. This is constantly being done. Men guilty of the foulest crimes, men without conscience, are turned loose upon society to continue their career."

### GOVERNOR DURBIN.

Rockport, Ind., Journal. Strongly Commands Gov. Durbin for Refusing to Surrender Gov. Taylor.

Governor Durbin's desires now is to pose before the people as the great defender of law and order, hoping thereby to escape the odium that attaches to his administration through his violation of article four of the constitution of the United States, which reads follows: "A person charged in any state with treason, felony or any other crime who shall flee from justice and be found in another state shall on demand of the executive authority of the state from which he fled, be delivered up to be removed to the state having jurisdiction of the crime."

Let the governor begin at once to practice the good things he is preaching through the press of the country, and show the faith he would have us believe in him, by kicking the second-rate Taylor and Hinely from beneath his protecting mantle, and send them back to Kentucky to stand trial for the assassination for Governor Goebel.—Rockport Democrat.

Governor Goebel! When and by whom was Wm. Goebel, the murderer given the title of Governor? Certainly not by the people of Kentucky.

Governor Taylor and the whole Republican ticket received certificates of their election from a Democratic returning board, stating that they had been elected by the people of Kentucky.

Murderer Goebel, after having stolen the nomination for governor from his own party, was at the head of the mob trying to rob the Republican, of the state offices they held by as good title as the people of that state could confer, when he was killed by some unknown person.

Since then the motto of the declared and bloodthirsty Goebellites has been, as one of their number declared, to "hang Taylor and damn the Republican party." They know Governor Taylor had nothing to do with the killing of the unprincipled scoundrel who was trying to rob him of his office, and all this hue and cry about the assassination by Republicans is made and kept up only to draw attention from the culpableness of Goebel and his band of anarchists. Yes, the constitution says that any person "who shall flee from justice and be found in another state shall on demand of the executive authority of the state from which he fled be delivered up &c."

But this is not that kind of a case. Gov. Taylor is not a fugitive from justice. He is a fugitive for justice and persecution, not only robbed of his office but driven from his home. This is the reason, and all the world except the nonpolitical reform editor of the Rockport Democrat and a few of his ilk, knows it. The supreme court of the United States has decided that from the decision of the governor in such a case there is no appeal. Governor Durbin's course is fully sustained by the decision of the highest court in the land, and is in full accord with justice and right. If we were to permit Governor Taylor to be turned over to that bloodthirsty gang of
